# Summershow 2008

The board of the **International Club for American Miniature Horses** is very proud to welcome you to the first edition of their two-day international **Summershow!**

The Summershow is another ICAMH initiative. It is a show that is being held mid Summer, as already suggested by the name. This new event is being organised as an extra show besides the already existing Miniature Extravaganza, which is held annually around Whitsun.

Although the number of entries has not yet outdone that of the Miniature Extravaganza, the expectations for the Summershow are high!

On Saturday 19th July in the afternoon, the AMHR horses are taking the showing. The second day, Sunday 20th July, an AMHA approved show is held.

All this will take place at the private grounds of River Valley Ranch, the Netherlands, and we would like to thank the Pijpstra family very much for their hospitality!

The participants to the ICAMH shows come from many countries and often travel very far to attend, which is really great. We hope everybody will have a pleasant and successful two days in the same friendly, sportive atmosphere as the previous ICAMH events have become known for.

The Summershow 2008 is the second event where the ICAMH point system for the AMHA European Amateur halter classes applies. The rules and the score as it is at the start of this show, are printed at page 23 of this catalogue.

Last, but certainly not least, the board would like to thank the sponsors, participants, visitors and all who dedicate their precious time and efforts to support the club - we would like you to know that this is very highly appreciated, thank you!

For now, have fun, don't forget to buy your tickets for the lottery, and may the best horses win!

Roswitha Boensma  
ICAMH President

## POINT SYSTEM AMHA EUROPEAN AMATEUR HALTER CLASSES

At the AMHA shows that are being organized by ICAMH, there are two sorts of classes for entry.

The "A" classes are approved by AMHA. The AMHA itself keeps score of the points gained in the approved open AMHA classes. For this, see the showrules in the AMHA website. These classes are open to all participants.

For participants in the "E" classes (the European Amateur classes) another point system has been developed, of which ICAMH keeps score.

The ICAMH would very much like everybody to have fun in showing, and that everybody has a fair chance to go home with a nice ribbon or cup. The point system is there to make sure that handlers cannot go on showing endlessly, along with showing in the "A" classes, in the "E" classes. With this, a healthy flow towards the "A" classes is being enhanced of those who do not qualify as "amateur" any more.

### These are the rules:

*dated 10th May 2008*

1. Only in the AMHA European Amateur halter classes, points are awarded.
2. The handler is being awarded the points, not the horse.
3. The winner of a European Amateur halter class gets 2 points. The person in second place in such a class gets 1 point.
4. These points are only awarded as such with a minimum of 4 participating horses in the class. With 3 horses, only the first place counts for 1 point.
5. A total amount of 15 points means end of the European amateur status. This means that, as from the next show, you may not also participate in the European Amateur classes, but you are obliged to move on to the open classes. The horses in combination with whom the points were gained can still be shown in the European Amateur classes, but may not be handled in these classes by this ex-amateur.
6. Your European amateur status is also terminated with winning the title "grand champion" or "reserve grand champion" in an AMHA open class. This is only valid, however, with a minimum of 5 participating horses in this championship class.
