Miniatures

Welcome to the *Summershow 2009*

Today, we enjoy the already second edition of the Summershow, organized by the International Club for American Miniature Horses.

With regard to the various ICAMH shows, we get the impression that a clear distinction seems to be presenting itself.

The *Miniature Extravaganza* show attracts many influential miniature horse stables from all over Europe, who engage in fierce, yet friendly competition with one another.

The *Summershow*, on the other hand, seems to have become more about meeting and socialising with a mixture of miniature horse people from various backgrounds, those with only one horse for fun and larger stables alike.

We regard this as a positive development, as it leads to spreaded chances for everybody to take a ribbon home from an ICAMH show.

The location we are today, is new to us. We trust that a very relaxed atmosphere will have every opportunity to develop here, so everybody will feel at home and simply enjoy this American Miniature Horse weekend.

We hope for an exiting, sportive, sociable competition amongst the participants, who have travelled here from several countries in Europe.

Many thanks to you, guys, as well as to our treasured sponsors and volunteers for their valued contributions and dedication!

Thank you also to the Van Wingerden family of the Triple Star Ranch, for making their lovely accommodation available to us for this year's Summershow.

The horses taking the challenge in this show, will automatically qualify for the 2009 AMHA European Championship, which will be held 5&6 September in Het Zwarte Water, De Mortel, The Netherlands.

We look forward to meeting you all again there, and for now: have fun at the Summershow!

Roswitha Boensma, *ICAMH president*

ICAMH POINTS SYSTEM - EUROPEAN AMATEUR HALTER CLASSES

rules dated 10th May 2008

At the AMHA shows that are being organized by ICAMH, there are several sorts of classes for entry.

The **"A" classes** are approved by AMHA. These classes are open to all participants. The AMHA itself keeps score of the points gained in the approved open AMHA classes. For this, see the showrules in the AMHA website.

Entry in the **"E" classes** (the European Amateur Halter classes) is restricted to those meeting the following conditions:

1. Horse must be European owned, who is a member of the ICAMH.
2. Horse must be in Europe for at least two (2) months.
3. Horse must be AMHA registered. AMHA rules will be followed.
4. ICAMH points system is valid for these classes.

For participants in the **"E" classes** a separate points system has been developed, of which ICAMH keeps score.

The ICAMH very much likes everybody to have fun in showing, and that everybody has a fair chance to go home with a nice ribbon or cup. The points system is there to make sure that handlers cannot go on showing endlessly, along with showing in the "A" classes, in the "E" classes. With this system, a healthy flow towards the "A" classes is being enhanced of those who do not qualify as European Amateur any more.

These are the ICAMH points system rules:

1. Only in the AMHA European Amateur Halter classes, points are awarded.
2. The handler is being awarded the points, not the horse.
3. The winner of a European Amateur Halter class gets 2 points. The person in second place in such a class gets 1 point.
4. These points are only awarded as such with a minimum of 4 participating horses in the class. With 3 horses, only the first place counts for 1 point.
5. A total amount of 15 points means end of the European Amateur status. This means that, as from the next show, you may not also participate in the European Amateur classes, but you are obliged to move on to the open classes. The horses in combination with whom the points were gained can still be shown in the European Amateur classes, but may not be handled in these classes by this ex-European Amateur.
6. The European Amateur status is also terminated with winning the title "grand champion" or "reserve champion" in an AMHA open class. This is only valid, however, with a minimum of 5 participating horses in this championship class.
