## Summershow 2010

For many a member, the Summershow is a nice outing, a chance to meet with people with the same interest. Providing the opportunity for a sociable weekend where the attendants can have a nice chat about the horses are important at this show.

This year, we can again witness quite a few newcomers entering the show ring for their very first time. This is a very pleasing development indeed. We also see an increase in the number of children friendly competing against one another at a high level. This provides the show management with the challenging task to build new, entertaining courses at every show.

All this convinces us that people are becoming more and more successful in buying the right horse to have fun with, precisely the one that is well equipped to suit the specific, individual needs of their owner. The versatility of our beloved breed, the American Miniature Horse, continues to make us proud and we are sure you will be able to enjoy that with us here at the Summershow, too!

We hope for an exciting, sportive, sociable competition amongst the participants, who have travelled here from several countries in Europe. Many thanks to all the exhibitors, the judge, and our treasured sponsors and volunteers for their valued contributions and dedication! We would like to say thank you also to the Van Wingerden family of the Triple Star Ranch, for making their lovely accommodation available to us.

Now, let's have some fun at this year's Summershow!

## ICAMH POINTS SYSTEM - EUROPEAN-AMATEUR HALTER CLASSES

*rules dated 10th May 2008*

At the AMHA shows that are being organized by ICAMH, there are several sorts of classes for entry.

The **"A" classes** are approved by AMHA. These classes are open to all participants. The AMHA itself keeps score of the points gained in the approved open AMHA classes. For this, see the showrules in the AMHA website.

Entry in the **"E" classes** (the European-Amateur Halter classes) is restricted to those meeting the following conditions:

1. Horse must be owned by a European, who is a member of the ICAMH.
2. Horse must be in Europe for at least two (2) months.
3. Horse must be AMHA registered. AMHA rules will be followed.
4. ICAMH points system is valid for these classes.

For participants in the **"E" classes** a separate points system has been developed, of which ICAMH keeps score.

The ICAMH very much likes everybody to have fun in showing, and that everybody has a fair chance to go home with a nice ribbon or cup. The points system is there to make sure that handlers cannot go on showing endlessly, along with showing in the "A" classes, in the "E" classes. With this system, a healthy flow towards the "A" classes is being enhanced of those who do not qualify as European-Amateur any more.

### These are the ICAMH points system rules:

1. Only in the AMHA European-Amateur Halter classes, points are awarded.
2. The handler is being awarded the points, not the horse.
3. The winner of a European-Amateur Halter class gets 2 points. The person in second place in such a class gets 1 point.
4. These points are only awarded as such with a minimum of 4 participating horses in the class. With 3 horses, only the first place counts for 1 point.
5. A total amount of 15 points means end of the European-Amateur status. This means that, as from the next show, you may not also participate in the European-Amateur classes, but you are obliged to move on to the open classes. The horses in combination with whom the points were gained can still be shown in the European-Amateur classes, but may not be handled in these classes by this ex-European-Amateur.
6. The European-Amateur status is also terminated with winning the title "grand champion" or "reserve champion" in an AMHA open class. This is only valid, however, with a minimum of 5 participating horses in this championship class.
